General Hughes has received
a cablegram from London,
stating that the Canadian losses
on January 13 were 7 killed and
15 wounded. The alarming re-
port cabled from London, on
Saturday, is evidently for the
month, as Canadian casualties
are published monthly there.

Jack McColl Left For
Ottawa Re Car Shortage

J. A. McColl, M.L.A., left on Tuesday morning for Ottawa where he will spend a few weeks. During his visit there he will see if something can be done to relieve the car shortage along the Goose Lake line.

THE NAVY THAT JACK BUILT

This is the Navy that Jack built.

These are the boys who made such a noise round the Navy that Wilhelm built.

This Navy he reared, has stuck in the beard of Von Tiplitz who cleared, and has hidden the Navy that Wilhelm built.

And Fisher's the man, who devised the plan which proved such a shocker, and to Davy's locker sent the less discreet of the timid fleet. (All part of the Navy that Wilhelm built).

And our navy is out, and ready to rout, to send below with a staggering blow, any German cruiser which attempts to show its ugly face to an honored race, and to deal a smash, that will tend to crash, and make them squeal and sigh for Kiel.

And to spill the gravy of the terrified Navy that Wilhelm built.

And Jack's the man, who's ready to ram, with an Ugly jam, the first "U" boat that threatens to float on the face of the sea outside the mouth of the Kiel Canal, it will get such a billf that will render it stiff, and unable to lurk or even to shirk, the sight of a cruiser, a real British bruiser, whose guns will smash and make such a hash of the German boats that float on the sea that Jack rules.

R.I.P. And this is the navy that Wilhelm built.

Farmer's Raise Hay!

Insure abundance of Hay and pasture for your stock by sowing a good acreage to Broms grass. The only reliable drought resisting hay we have, starts earlier in Spring, remains green longer in the fall, yield better and stock relish it more than any grass in the West. Read what the Seed Houses and Government Experimental stations have to say about it. You never have to reseed. We have fifteen thousand pounds of seed to sell at 15 cents per lb. This seed is raised right here, and is all heavy and thoroughly sown. Apply to—

A meeting of the Victorian Order of Nurses was held on Wednesday, January 12th.

The members were glad to welcome Miss R. L. Davies, the nurse, in the district. She arrived on Saturday, January 1st, from Montreal, and already has been kept busy, having had many calls and giving valuable assistance to her patients.

We must thank Mr. J. Waterhouse for very kindly donating a bedstead and Spring mattress which is being used in the Nurse's room.

Mrs. Bredin was appointed on the Supply Committee, and Mrs. Hogle and Mrs. Cottrell to purchase a foot warmer and a large cupboard for supplies.

We hope it will not be long before we are able to have a Cottage Hospital in our midst. The next meeting will be held on Wednesday, February 9th., at the Prairie Circle Rest Room.
